Whispering Secrets
Hand-dressed and

5 churches, US envoy attacked in Iraq

BAHRAIN, Jan. 13 (AP) — A series of attacks on churches and a U.S. embassy in Iraq on Sunday left at least 10 people dead and dozens injured, raising concerns about the stability of the country.

The attacks, which began in the early morning hours, targeted churches in the cities of Basra, Najaf, and Karbala, as well as the U.S. embassy in Baghdad. The attacks were carried out by a group of extremists known as the "Islamic Army of Iraq," which has been active in the region since the U.S. invasion of Iraq in 2003.

The attacks in Basra resulted in the deaths of at least five people, including a U.S. Marine and a British soldier. In Najaf, at least three people were killed, and in Karbala, at least two people were killed. The U.S. embassy in Baghdad was also attacked, but no one was killed.

The attacks came at a time when the U.S. is trying to withdraw its troops from Iraq. The U.S. has been in Iraq since 2003, and its presence has been a source of controversy. The attacks are a clear warning that the situation in Iraq is still unstable and that there are still many people who are opposed to the U.S. presence in the country.

US may forge tax deal with UBS

WASHINGTON, Jan. 13 (AP) — The U.S. Treasury Department is in talks with UBS AG to reach a deal on how to handle the bank's massive tax evasion scandal, sources say.

The deal, which is still in the early stages, would allow UBS to pay a fine of up to \$1 billion in exchange for a non-prosecution agreement with the U.S. government. The deal would also require UBS to pay back taxes of up to \$1 billion.

The deal is being negotiated by the U.S. Treasury Department and the U.S. Department of Justice. The deal is being negotiated in secret, but it is expected to be announced in the coming weeks.

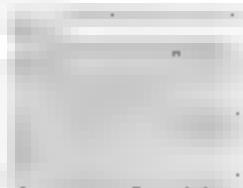

The deal is a significant development in the UBS tax evasion scandal, which has been one of the largest tax evasion scandals in history. The scandal involved UBS helping thousands of wealthy clients hide billions of dollars from the U.S. government.

South Korea spy agency lowers cyberattack alert

SEOUL, Jan. 13 (AP) — South Korea's spy agency has lowered its alert level for cyberattacks from "high" to "medium," signaling a decrease in the threat of a major cyber strike.

The National Intelligence Agency (NIA) announced the change in its alert level on Sunday. The NIA had previously raised its alert level to "high" in late 2007, when it received reports of a major cyber attack on South Korea's government networks.

The NIA said that the change in alert level was based on a decrease in the number of cyberattacks and a decrease in the sophistication of the attacks. The NIA also said that it was still monitoring the situation closely and would raise its alert level again if the threat increased.

War crimes trial to hear from ex-Liberia president

MONROVIA, Jan. 13 (AP) — Charles Taylor, the former president of Liberia, is set to appear in court for the first time since his arrest in 2003, as part of a war crimes trial.

Taylor is charged with multiple counts of war crimes, including the murder of thousands of people and the destruction of property. He is also charged with being a member of a criminal organization.

Taylor's trial is being held in the Netherlands, where he was arrested. The trial is being held by the Special Court of Sierra Leone, which was established to investigate and prosecute war crimes in Sierra Leone.

Sotomayor faces friendly jury as confirmation hearings begin

Sonia Sotomayor and a man, likely a family member, smiling together.

WASHINGTON, Jan. 13 (AP) — Supreme Court Justice Sonia Sotomayor's confirmation hearings began Sunday with a friendly jury, as Senate Democrats and Republicans sought to establish a baseline for her qualifications.

The hearings were held in a packed Senate chamber, with Sotomayor's supporters and opponents in attendance. Sotomayor's supporters, including President Barack Obama, Vice President Joe Biden, and many members of Congress, were in the front rows of the chamber.

Sotomayor's opponents, including many members of the Republican Party, were in the back rows. The hearings were a key event in the confirmation process, as the Senate must vote on whether to confirm Sotomayor to the Supreme Court.

Sotomayor's confirmation would be a historic moment, as she would be the first Hispanic woman to serve on the Supreme Court. Her confirmation would also be a significant victory for President Obama, who nominated her to the court.

Senators: CIA concealment broke law

WASHINGTON — A Senate panel on Tuesday accused the CIA of concealing information about a secret program to intercept the e-mails of U.S. citizens, a move that broke the law, according to a report by the panel's top Democrat.

The report, by Sen. Charles Schumer (D-N.Y.), says the CIA's actions were "a clear violation of the law" and that the agency's "concealment of the program from Congress and the public was a deliberate effort to avoid oversight."

The report also says the CIA's actions were "a clear violation of the law" and that the agency's "concealment of the program from Congress and the public was a deliberate effort to avoid oversight."

Japan PM to call August snap poll

YOKOHAMA — Japanese Prime Minister Yukio Hatoyama is expected to announce on Tuesday that he will call a snap election for August, a move that would end his party's brief tenure in power.

Mr. Hatoyama's Liberal Democratic Party (LDP) won a decisive victory in the June 30 general election, ending the long reign of the Democratic Party of Japan (DPJ).

The LDP's victory was a surprise, as many analysts had predicted a coalition government would be formed between the LDP and the DPJ.

Thousands of protesters gathered in a park in Tokyo on Tuesday to demand the resignation of Prime Minister Yukio Hatoyama.
